## **OUR HISTORY**

In its golden era Dunsmuir was an important, thriving railroad community. Formerly named “Pusher”, this was the spot where additional locomotives were added onto the trains, to “push” them up the steep grade to Mt. Shasta.

In 1968, Bill and Delberta Murphy, local descendants of pioneering railroaders, decided to collect and preserve the old rail era by transforming rail cars into beautifully renovated units. A collection of cabooses, flat cars, and boxcars were acquired and work was started.

In the years following, additional cabooses were transformed into lodging units at our hotel as well as the antique dining car restaurant, swimming pool, and spa which completed the project. In February of 2017, Delberta Murphy turned over the business to new owners, Mark and Mary Lilley. Mark and Mary are excited about the future of Railroad Park Resort and plan to keep the legacy alive that William and Delberta worked so hard to build. In 2020 Guy and Lonnie Martin joined the fun and became partners in the resort.
